Patriarch's name	Stake	Unit number
Slater, John Dale	Hyrum Utah North Stake	511994

Sister Grace Ann Garlock, in the name of Jesus Christ and by the authority of the Holy Melchizedek Priesthood and as Patriarch in the Hyrum Utah North Stake of the Church of Jesus Christ of Latter-Day Saints, I pronounce upon you your Patriarchal Blessing.

Dear Sister Garlock, you have been given the opportunity and blessing to be a part of the family of Abraham, Issac and Jacob and will receive all of the blessings promised to Abraham through the loins of Ephraim.

Throughout your life, you will be given a variety of gifts, abilities and talents. You are encouraged that you expand on each of these abilities that will be given to you. Develop them as best you possibly can. All things that are righteous you are encouraged to seek after. You will be blessed to receive abilities and talents that will be enhanced by your Father in Heaven so that you can bless the lives of others as well as bringing joy and happiness into your life and into your family.

You will have the blessing of going to the temple, of receiving your endowment, and at some future time, you will have the opportunity to meet a young man who will be worthy to take you to the temple and be sealed for all eternity.

Your life will be a busy life. You will have children to raise, the opportunity to teach them the gospel and to teach them about life.

You will also be given the blessing of seeking an education and developing your abilities there.

You will be given the blessing of being able to have many callings in the Church of Jesus Christ. You will also have the opportunity to work in your community, to encourage, uplift and to bless the lives of others as you voice your opinion and your concern over community issues.

You will have the gift of discernment, recognizing good from evil, knowing when Satan and his legions are striving to destroy you and your testimony.

The gift of courage, of faith, of humility and the gift of testimony will all be given to you. You will receive the opportunity to show your charitable side, recognizing in others the needs that they may have. This gift will lead you to wonderful friendships and will also bless your life with

the ability to help others.

Scriptures will be an important part of your life; recognizing and understanding what your Father in Heaven has given to you as guidance and direction will be important as you make decisions in your life. Listening to the prophets of your time will help you to know how to be obedient and faithful.

Sister Garlock, there is an opportunity, also, for you to bless the lives of those family members who have passed on before who have not yet had the blessing of the temple. You will be able to do family history work and discover those who are waiting for someone to fulfill their dreams to be a family sealed together forever.

You are encouraged to listen closely to the spirit as He directs and guides your life. This will take patience. This will take quietness and being able to hear as you block out the noise of the world. As you do so, you will be blessed with a deep understanding that comes from your Father in Heaven that will give you direction and guidance to improve your life here upon this earth.

As you are obedient to the word of wisdom in the eighty ninth section of the Doctrine and Covenants, you will be blessed with good health. Your life will be given the blessing of being extended here upon this earth until your Father in Heaven desires for you to return home.

Dear Grace, allow others that you are around to feel of your goodness and of your spirit and your humility. Allow them to know through your actions and through your caring for them how much you love and appreciate your friends and associates. Others will gravitate toward you because of the feeling that they have of how much you care.

All of these blessings are yours. The special talents, abilities and qualities that you have are for you to determine and to search out. You will be given direction and guidance. Your Father in Heaven will help you and these abilities will blossom.

You will be able to rise in the Morning of the First Resurrection coming forth with those who have been faithful and obedient. You will have the blessing of personally meeting the Savior and giving Him your thanks for what He has done for you through the atonement.

All of these are yours predicated only on your faithfulness and worthiness. In the name of Jesus Christ. Amen.
